

INTERNATIONAL COUNCIL SUPPORTING FAIR TRIAL & HUMAN RIGHTS

Registration No. 2795/2012

OFFICIAL LETTER HEAD OF THE ORGANIZATION

The International Council Supporting Fair Trial and Human Rights condemns in the strongest terms the treacherous the Triple aggression that took place on Saturday 14/04/2018 by UN Member States and the permanent members of the United Nations Security Council: the United States of America, Britain and France against the Member State of the United Nations: the Syrian Arab Republic.

This attack constitutes a blatant violation of its sovereignty and the dignity of its people and the peoples of the region and represents explicit support for the terrorist gangs. This aggression is a blatant interference aiming only to support the terrorist groups after they were defeated by the bravery of the Syrian Arab People and their resistance army!

The Council rejects all the unfounded pretexts and justifications on which the tripartite aggression countries and the supporting, joining and instigating counties based their aggression on. This attack constitutes the utmost recklessness and offense to what is remained of the United Nations System, the Security Council, the United Nations Charter and international law, and a violation of the foundations and principles of international relations. Moreover, it is a blatant abuse against the international humanitarian community, on which we depend to restore things to normal! So that the world will not be turned into a jungle and being ruled away from the United Nations Bodies and their mechanisms!
