Registration No. 2795/2012

OFFICIAL LETTER HEAD OF THE ORGANIZATION

## Virtual informal conversation with the high Commissioner for Human Rights

Madam President, The High Commissioner,

First of all, we would like to thank you for holding this important virtual meeting which will make history for mankind, who today are struggling with the pandemic of Covid-19, a virus that has wreaked havoc on our earth, led to the physical separation of loved ones, and slowly rid the wealth from the richest and poorest peoples. We are watching the fragility of systems and mechanisms tremble in most countries worldwide while facing this challenge. An unknown challenge which is said to be either a global bacterial war caused by mankind or a pandemic caused by nature.

The coming days will eventually reveal the truth.

Madam President, The High Commissioner,

The worst of this pandemic and the repercussions that come with its treatment showcases that many capitalist systems in the world are taking advantage of the fear and panic that is overtaking peoples, causing these systems to impose many exceptional procedures and legislations that result in the plundering of people's wealth and crushing their rights and freedom. This also leads to more dictatorships and impoverishes peoples, whilst growing the system's domination of these peoples property and public wealth.

Take a look at what is happening in the State of Kuwait, as an example, where we follow the most accurate details of all that is being planned.

For the United Nations, your esteemed Council and the High Commission, please observe this with an examiner's eye, and contribute to saving peoples and their wealth!

Thank you, Madam President

Thank you, High Commissioner
